The Management of the Digital Bridge Institute (DBI) led by the President/CEO, Engr. Prof. Mohammed Ajiya participated in the ICT Industry Stakeholders Forum organized by the Federal Ministry of Communications and Digital Economy on 8th July 2021 at the Lagos Oriental Hotel, Victoria Island Lagos. The theme of the event was "Towards a Digital Nigeria for Sustainable Economic Development". The DBI being one of the key stakeholders in the area of capacity building and knowledge development in the ICT industry was well represented at the event with a delegation led by the President/CEO, Engr. Prof. Mohammed Ajiya and the Head, Lagos Campus of the DBI, Ms. Viola Askia Usoro. The event was well attended and impactful deliberations on strategic road map towards a digitally enabled economy was canvassed for industry's inputs.

DBI TRAINS STAFF OF OSUN STATE COLLEGE OF EDUCATION

The Digital Bridge Institute (DBI) has recently organised Advanced Digital Appreciation Programme for Tertiary Institution (ADAPTI) training for the academic and non-academic staff of Osun State College of Education, Ila Orangun, Osun State, from June 29th to July 2nd, 2021. The training was aimed at upscaling the technical know-how of target beneficiaries in the areas of digital skills. While declaring the event open, the Provost of the College, Prof. Afolabi Jimoh Atanda, charged the participants to maximise the opportunity being offered by the training through the support of National Communications Commission (NCC) and delivered by DBI. "Nowadays, academic communities all over the world have woken up to the realities of digital teaching and learning. As our institution is much ready on this part, it will be my joy that none of the staff of this institution is left behind," he added. In their remarks, beneficiaries of the one-week long training appreciated the kind gestures of DBI in facilitating qualitative digital skills which are being delivered by its highly skilled and well experienced instructors. They charged both NCC and DBI for continuous ICT supports for the college in order for the opportunity to go round. The training had in attendance, 61 participants for statistical data analysis and 49 participants for Internet and Office Productivity Tools (IOPT). Participants at the said training also included top management staff of the institution.

DIGITAL BRIDGE INSTITUTE TO COLLABORATE WITH FEDERAL HOUSE OF REPS MEMBER FROM FAGGE CONSTITUENCY ON YOUTH EDUCATION AND VOCATIONAL TRAINING IN DIGITAL TECHNOLOGY

The Digital Bridge Institute seeks to collaborate with the Honorable Member, Federal House of Representatives, representing Fagge Constituency on Academic and Vocational Training in Digital Technology. The proposal came following a courtesy call made to the Federal House Member, Honorable Aminu Sulaiman Goro by a delegation of the Kano Learning Centre of the Institute on Sunday, July 4, 2021 at his constituency office. The visit was part of the Institute's plan to foster positive relationship with key stakeholders in the country in a concerted effort to strengthen the Nation's capacity in ICT and Telecoms sector and to support the Government's initiatives through the Ministry of Communication and Digital Economy. In his opening remarks, the Head of DBI Kano, Mr. Sani Tsoho Yakawada who led the delegation expresses his gratitude to the Hon. House member for the reception and deeming it important to grant them such audience. "Honorable sir, we deem it pertinent to collaborate with you, considering the role you play as the House Committee Chairman on Tertiary Education, your well known love for your people and your passion toward their development, and your advocacy for youth education and empowerment as evident from the numerous employment and educational opportunities you secured for the teeming youth of your constituency". The Head of Campus stated. Mr. Yakawada who was represented by Engr. Abdulsalam Abubakar disclosed that the move is in line with the goals of the Digital Bridge Institute (DBI), an initiative of the Nigerian Communication Commission (NCC) established with a mandate to contribute to the creation of an indigenous ICT knowledge-based society sufficient to meet the needs of the private and public sectors of the Nation's economy. Having noted the lack of digital exposure as a major factor contributing to the unemployment of our youth, the Head of Campus further disclosed that the focus of the proposed collaboration is to train the youth of the constituency on Academic and Vocational training in Digital Technology. "The Institute's Academic Programme (National Innovation Diploma) and professional/vocational programmes relies on a hands-on practically inclined curriculum that will improve the participant's innovative/critical thinking and groom them with entrepreneurial skills that will make them potential job creators". Mr. Yakawada added. On his part, Hon. Aminu Sulaiman Goro welcomed the delegation and thanked them for the recognition and the honor of their visit and for making him worthy of the institute's collaboration in such a great endeavor. "This is an area that I am personally passionate about. The rate of development of each society depends on the exposure of its people. We are but servants of the people and that is why, we try to knock at any door of opportunity on behalf of our people." Honorable Goro stated. "I consider this a much-needed skill in the state as well as the Nation and this proposal is not going to stop here, for I am going to present same and to other house members from the state". The honorable member added. I assure you, myself and the house members from the state are going to give this proposal a serious consideration.

DIGITAL BRIDGE INSTITUTE TO PARTNER WITH BRITISH COUNCIL ON INCLUSIVE DIGITAL SKILLS PROJECT

The Kano Campus of the Digital Bridge Institute has been identified as a prospective digital skill partner in the British Council Project on Inclusive Digital Skills. The declaration was made during the visit by the British Council's consultants for the project. The project which is scheduled to hold in Kano is billed to train 3,000 (three thousand) participants particularly from the low income as well as the excluded societies (including people living with disability) in the state. The lead consultants led by Dr. Aliyu Temitope Jamiu disclosed that there are four partners that have been classified to be part of the British Council Inclusive Digital Skills Project namely; the Government, Formal and Informal Schools, Civil Society Organization (CSOs) and Digital Skill Hubs (where DBI comes in) "Our responsibility is to clearly and adequately identify the partners for the project, and for the part of the digital skill partners, we are overwhelmed by what we have seen. What we have seen in this facility addresses a lot of our anticipated concerns and its indeed going to make our work a lot easier". Said Mr. Peter, one of the consultants. Mr. Peter further disclosed that the project is set to address inclusion gaps, to bring people from the excluded group into the real conversation of today, which is building digital skills. "So, the project in the first instance want to reach about 3000 people who don't have the skill at all. We called that basic digital skills". Mr. Peter stated. "The entire target population is 9000 shared between three countries. Kano is the state identified in Nigeria. The Digital Skill Hubs/Partners are going to be the primary drivers of the project because, they are situated within the project context, they understand the dynamics of the context and they can work together with the expert level trainers who are not going to be here humanly. At the right time, all other interpretation that will come up in part of getting the digital skill partners to drive the project and get value will be disclosed". Mr. Peter added. In his remark, the head of DBI Kano, Mr. Sani Tsoho Yakawada welcomed the consultant and extend the appreciation of the Campus management for the prospective partnership. "We are the Digital Bridge Institute. We are established in the year 2004 by the Nigerian Communication Commission (NCC) to foster the rapid development of ICT and Telecoms sector". Mr. Yakawada disclosed. "I believe you are in the right place and I can assure you in earnest that the institute is capable in faculty, infrastructure and facility to meet the peculiarities of this important partnership". Mr. Yakawada added.

The Consultants, Dr. Aliyu Temitope Jamiu and Mr. Edor Peter Ibeh were received by the Kano Head of digital Bridge Institute, Mr. Sani Tsoho Yakawada in company of the Kano Head of IT, Mr. Dashe Dingwur Garba, Kano Head of Academic Programme, Mrs. Hajja Fandi Bakura, Engr. Abdulsalam Abubakar, The Kano Quality Control Officer and Head of Computer Hardware Engineering Technology Department, The Kano Head of Business Development, Barr. Aliyu Abuzarri and the Kano Head of Admin, Mr. Muhammad Tajudeen Yusuf.

FAGGE LGA RESTATES THE LGA'S COMMITMENT TO PARTNER WITH DIGITAL BRIDGE INSTITUTE

The head of DBI Kano (R) giving the Chairman a tour of Institute.

The Executive Chairman, Fagge Local Government Area of Kano State, restates the LGA commitment to build a working relationship with Digital Bridge Institute. This came following a working visit paid to the Kano Campus of Digital Bridge Institute by the LGA's Chair, Honorable Ibrahim Muhammad Abdullahi on Monday, July 5 2021. The visit was prompted by the Institute proposal to partner with the LGA on Staff capacity building, the Institute's National Innovation Diploma (NID) Programme and vocational training. You will recall that earlier last Month, the Management of DBI Kano while on a courtesy call to the LG chair, have made a proposal to the LGA's administration on Digital capacity building (in both vocational and academics) of the youth of the constituency as well as the staff of the local government. The chairman, having known to be a proponent of ICT, youth education and empowerment expresses his administration's objective in seeing to the LGA's development in the ICT sector and digital economy. According to the chairman, the Institute having this excellent faculty, serene environment and a state-of-the-art infrastructural set-up will make a perfect partner in his administration's stride toward the development of the LGA through the creation of an ICT based economy. This is why we have an ICT centre built in the LGA and This partnership will go a long way in addressing one of my administration's concerns, which is to diversify the LGA's economy through ICT, and to create job for the youth of the LGA". The chairman added. In his remark, the head of DBI Kano, Mr. Sani Tsoho Yakawada who gave the Chairman and his team a tour of the Campus expresses the Institute's appreciation for the visit and further reiterates the institute readiness to having a progressive partnership with the LGA in the evolving field of ICT that will see to the improvement of the LGAs revenue generation and the empowerment of its teeming youth in ICT and Telecoms. "The Institute was established by the Nigerian Communication Commission (NCC) to ensure to this objective". Mr. Yakawada added. The Chairman was received by the Head of DBI Kano, Mr. Sani Tsoho Yakawada and the DBI Kano Head of IT, Mr. Dashe Dingwur Garba.
