

DIGITAL BRIDGE INSTITUTE

TECHNOLOGY | INNOVATION | EDUCATION

2023 DBI Training Programmes

S/N	Course Title	Course Duration (Days)	Target Audience	Course Fees (Naira) (Tuition, Course Materials, Feeding & Souvenir)
TELECOMMUNICATION COURSES				
1.	Fibre Optics Infrastructure, Design and Management	5	Telecommunication Field Engineers, Project managers for Telecom, Telecom Network Engineers, Telecom Managers, Telecom Network Planners, Senior Telecom Technicians, and Telecom Professionals desiring the necessary skills for planning, designing and deploying fibre optic networks, as well as, the fundamentals of fibre cabling skills, etc.	378,937.50
2.	Spectrum Management: Planning and Monitoring	5	Regulators, Politicians, civil servants and government officials, Business and regulatory affairs managers and liaison, Lawyers and Legal Counsel, Business development, commercial and bid managers, Corporate strategists, Funding agency and senior development finance representatives, Engineers involved in designing wireless systems, Economists and competition experts.	378,937.50

3.	Broadband Access & Network Planning	5	Technical personnel involved in the planning, implementation and maintenance of Broadband Networks, Network planners and capacity managers in the ICT industry who need to understand the design and operation of broadband networks, Telecommunications managers requiring an appreciation of the business communications services offered by Broadband access networks, Telecom Industry leaders, Network Designers and CEOs who need understanding of Broadband Access & Network planning technologies, techniques and facilities, and those who want a thorough understanding of and ability to use broadband system technology development processes.	378,937.50
4.	Revenue Assurance and Fraud Management in Telecoms	5	Finance directors and managers, Customer services directors and marketing professionals, Network operations directors and Operation Decision Makers, Telecom and Datacom (IT) managers, Telecom Billing officers and practitioners, Accountants and Auditors, Revenue Assurance specialists, Investment Bankers, Lawyers and Regulators, Cybercrime fighters, Investigative unit of the Police force, Regulators and regulatory liaison managers and those who manage sales, pricing and product development.	378,937.50
5.	5G Networks	5	Managers, engineers and employees from regulators, government organizations, telecommunication companies and academia, who are	378,937.50

			interested in understanding, Technologies, implementation, and applications of 5G Systems	
6.	IP Network Quality: CoS QoS, MPLS and SLAs	5	Those new to the telecom business who need to get up to speed on fundamentals of radio, technologies in use and ideas behind all major wireless systems; The non-engineering professional needing an overview and update on new technologies; and Anyone who wants to differentiate themselves from the rest of the crowd with an internationally-recognized certification when applying for a job in telecom or angling for a promotion.	378,937.50
7.	IT Infrastructure Ethernet, LAN and VLAN	5	Those new to the telecom business who need to get up to speed on telecommunications, data communications, IP, MPLS, wireless, networking, Voice over IP (VoIP) phone systems, SIP and Security; The non-engineering professional needing an overview and update on new technologies like IP, VoIP and MPLS; and Anyone who wants to differentiate themselves from the rest of the crowd with an internationally-recognized certification when applying for a job in telecom or angling for a promotion.	378,937.50
8.	Quality of Service (QoS) in Cellular and Datacom Networks	5	Commissioners, directors, and key staff of regulatory authorities, as well as officials of ministries with responsibility involving public service, Directors and key managers of	378,937.50

			publicly- and privately regulated utilities, Consumer advocates, housing, and social welfare representatives, Staff of bilateral and multilateral international organizations	
9.	Licensing and Authorizing: Policy, Procedure & Practice	5	Staff of Nigerian Communications Commission, Regulatory officers of telecommunications Operators, Staff of Ministry of Communications, Researchers, etc.	325,187.50
10.	Telecom Laws: Policy & Regulation	5	Policy makers and leaders in Telecom industry and other establishments who need basic understanding of Telecom policy and regulations in Nigeria.	325,187.50
11.	Legal & Regulatory Issues in Telecom	5	Managers and team members in cross-functional organizations, who need basic overview of telecom deregulation.	325,187.50
	TELECOMMUNICATION COURSES WITH HANDS-ON LABORATORY			
12.	OSS/BSS Advance	15	Professionals who want to upgrade their skills to OSS/BSS; Professionals looking to switch jobs or are looking for a raise in salary; Participants who want to learn latest telecom technologies and want to work for telecom mobile operator and vendor companies. Telecoms Regulators	550,000.00
13.	LTE Advance Pro	10	CTOs, Network Managers, Network Planners, Engineers	550,000.00
14.	Telco Revenue assurance	10	Revenue assurance managers, internal auditors, financial controllers, engineers, application support	475,000.00

			professionals, product managers, project managers, fraud analysts, OSS/BSS professionals, newcomers to the field of Revenue Assurance, Fraud Management, Billing managers, revenue assurance personnel from Tier 1/Tier 2 communication companies (both fixed line and mobile)	
15.	Intelligent Network Systems	10	IN Engineers, Switch Engineers, Core Network Engineers, Managers and Team Leads, Technical Sales Team, VAS service providers, Telecoms Regulators.	475,000.00
16.	Information Security and Risk Management	10	All individuals who need to understand the concept of information security and risk management; IT professionals in the areas of information security and risk management, Cyber security professionals; network engineers, security analysts, policy analysts; and Security operation personnel, network administrators, system integrators and security consultants	475,000.00
	INFORMATION AND COMMUNICATION TECHNOLOGY COURSES			
17.	Analyzing Data with Power BI	5	Open	218,375.50
18.	Analyzing Data with Excel	5	Open	218,375.50
19.	Analyzing Data with SPSS/MATLAB	5	Open	218,375.50
20.	Internet and Office Productivity Tools	5	Open	218,375.50
21.	IC3 Digital Literacy	5	Open	218,375.50
22.	Advance Microsoft Excel	5	Open	218,375.50
23.	Digital Literacy for Office Productivity	5	Open	218,375.50
24.	Cisco Certified Network Associate Training (CCNA)	10	IT Heads, Managers, Systems Analyst, IT officers etc.	352,500.00

25.	Windows Server 2016 Administration Fundamentals	5	IT Heads, Managers, Systems Analyst, IT officers etc.	218,375.50
26.	Database Administration Fundamentals	5	IT Heads, Managers, Systems Analyst, IT officers etc.	218.375.50
27.	Digital Transformation Moving Towards a Digital Society	5	Open	252.500.00
28.	Visual Communication and Infographics	5	Lawyers, Judiciary Staff, Administrative Staff and General Public	218.375.50
29.	Microsoft 365 Certified Fundamentals	5	IT Heads, Managers, Systems Analyst, IT officers etc.	218.375.50
30.	Web Application and Software Development (Basic and Intermediate)	5	IT Heads, Managers, Systems Analyst, IT officers etc.	218.375.50
31.	E-government: Principles and Implementation	5	Lawyers, Judiciary Staff, Administrative Staff and General Public	352,500.00
32.	Project Planning and Management	5	Lawyers, Judiciary Staff, Administrative Staff and General Public	352,500.00
33.	Managing Online and Virtual Meeting Sessions.	5	Lawyers, Judiciary Staff, Administrative Staff and General Public	218.375.50
34.	Cyber Forensics and Digital Evidence Gathering.	5	Lawyers, Judiciary Staff, Law Enforcement officers, ICT Staff, Crime Investigators, Officers in the Intelligence Community, Legal Aids and Administrative Assistants and General Public	352,500.00
35.	Introduction to Digital and Cyber Diplomacy.	5	Lawyers, Judicial staff, Administrative Staff, Officers in diplomatic missions & Policy Makers	218.375.50
36.	Cyber Fraud and Crimes, Investigation and Prosecution Practice.	5	Police Prosecutors, Federal Ministry of Justice Staff, EFCC Officers, Security Services Personnel, Public Prosecutors, Lawyers, Private Investigators, Judiciary Staff, Crime Reporters, and	218.375.50

			General Public	
37.	Information Systems Controls and Auditing Techniques	5	IT Heads, Systems Admins, IT and Systems Auditors	352,500.00
38.	Data Protection, Cyber Crime and Cyber security Policies in Nigeria	5	Head of Organizations, IT Managers, Legal Officers, Systems Analyst	352,500.00
39.	Emerging Technologies and Their Case Studies Applications	4	Open	352,500.00
40.	Foundational Business Analytics and Enterprise Architecture	5	IT Managers, Systems Admins, Solution Architects, Systems Analyst	352,500.00
41.	Data Architecture and Management for Organizations	5	Data Analyst, Database administrators Information Managers & Architects, Data Governance Managers, Data Quality Managers Business Analysts and Software engineers	352,500.00
42.	e-Learning Instruction Design & e-content Development.	5	Lecturers, Academic Planning Officers, Head of Schools, Course Facilitators, Head of Trainings, Human resources Managers	352,500.00
43.	E-Learning Course Development and Facilitation Techniques.	5	Lecturers, Academic Planning Officers, Head of Schools, Course Facilitators, Head of Trainings, Human resources Managers	218,375.50
44.	Advanced Microsoft Excel with Data Dashboards	5	Accountants, Group, Dept and Unit Leads of Organizations, Data Analyst, Admin Officers, Financial Analyst, Planning Officers	218,375.50
45.	Fundamentals of Cyber Security and Open-Source Intelligence	5	IT Heads, Managers, Systems Analyst, IT officers etc.	218,375.50
46.	Developing Cybersecurity Plan and Mitigation Strategies	5	IT Heads, Systems Admins, Project Managers	352,500.00
47.	Essential Cloud Infrastructure	4	Open	218,375.50
48.	Cloud Management and IT Security	5	IT and Infrastructure leaders, decision makers, risk analysts, strategic	352,500.00

			planners, architects, administrators, software and business developers and project managers.	
49.	Data Analytics for Managerial Decision Making.	5	Managers, Data Analyst, Systems Analyst, Systems Architects, Policy, and Decision Makers.	218.375.50
50.	Data Analysis and Visualization using Microsoft Excel	5	Managers, Data Analyst, IT Officers, Accountants and Financial Officers Systems Analyst, Systems Architects, Policy, and Decision Makers.	218.375.50
51.	Digital Collaboration using Microsoft SharePoint	5	Open	218.375.50
52.	IT projects Management and Administration	5	Open	218.375.50
53.	IT Infrastructure Management and Systems Audit	4	IT Heads, Managers, Systems Analyst, IT officers	218.375.50
54.	ISO/IEC 27032 – Cyber Security Implementation and Management	5	Cyber Security Analyst, Systems and Network Administration, Enterprise Architects, IT Managers	352,500.00
55.	ISO 27035:2012 IT Security Incident Management	4	Cyber Security Analyst, Systems and Network Administration, Enterprise Architects, IT Managers	352,500.00
	ENTREPRENEURSHIP COURSES			
56.	Mobile Phone Diagnostics and Repairs	21 days	Anyone looking to start or improve their Mobile Phone Diagnostics skills and repairs.	350,000.00
57.	DSTV repairs & Installation	21 days	Anyone looking to start or improve their DSTV repairs & installation skills.	250,000.00
58.	Digital Diagnostics and Maintenance of Vehicles	21 days	Anyone looking to start or improve their automobile maintenance skills and vehicle diagnostics and repairs.	390,000.00
59.	Graphics Design and Photo Editing	4 weeks	Anyone looking to start or advance a career in Graphics Design and Image Editing	300,000.00
60.	Front End Web Development	4 weeks	Anyone looking to start or advance a career in technology.	300,000.00

			A beginner with interest to transition into a career as a web developer.	
61.	Back End Web Development	4 weeks	Anyone looking to start or advance a career in technology and software development A beginner with interest to transition into a career as a back-end developer.	300,000.00
62.	User Interface and User Experience Designer (UI/UX)	4 weeks	Anyone looking to start or advance a career in User Interface Design or start out as a UI/UX Designer.	200,000.00
63.	Digital Marketing and Social Media Analysis	4 weeks	Anyone looking to start or advance a career in Digital Marketing and E-Commerce. A beginner with interest to transition into blogging, content creation, e-commerce, and online marketing.	200,000.00

Please note that discount is applicable for group signup and registration.
